

ENVIRONMENTAL
SOCIAL
GOVERNANCE

MTS Sustainability Recognition

As a dedicated citizen of the global community, MTS embraces socially responsible and environmentally sound behaviors and values - and acts when and where we can make a difference.

Award for Environmental Leadership in China

For innovations that help Chinese businesses develop more energy-efficient transportation and infrastructure

Governor's Safety Award

For exceptional safety performance measured by a better than industry average incident rate and a qualifying score on 100-point safety evaluation

Energy Efficiency Award

For reducing facility energy use with initiatives saving an estimated 784,800 kWh per year
